

INSTRUCTIONS FOR USE

OPTASE® LIFE Sensitive Eye Makeup Remover gently cleanses, soothes and refreshes the skin around the eyes while removing makeup, impurities and debris from the eye area. Formulated with gentle ingredients including Hyaluronic Acid, Provitamin B5 and Manuka Honey, this no-rinse micellar water works to help strengthen the skins natural barrier while leaving the skin feeling hydrated.

How to use: Moisten a cotton pad with the makeup remover, place over closed eyes and gently rub to remove any makeup, impurities and debris. No need to rinse.

Suitable for: **OPTASE® LIFE Sensitive Eye Makeup Remover** was specifically formulated for those with sensitive eyes and eyelids and is suitable for everyday use.

Ingredients: Aqua (Water), Poloxamer 184, Propanediol, Panthenol, Mineral Salts, Mel (Honey), Sodium Hyaluronate.

Warning: Keep out of reach of children. Do not apply directly into the eye. Remove contact lenses before use. Do not use if you have known allergies to any of the ingredients. For external use only. Discontinue use if eyelids or skin around eyes show continuous signs of redness, irritation or sensitivity and consult an eye care professional. For children, consult an eye care professional before use.

Can be used for 6 months from first opening.

OPTASE® LIFE Sensitive Eye Makeup Remover is a non-greasy formula that is preservative, fragrance and oil free.
